

Screen- and stencil printers

	<ul style="list-style-type: none"> • <u>manual stencil printer S1</u> • incl. variable rapid tensioning system (2 fold) • PCB size: max. 300 x 250 mm
	<ul style="list-style-type: none"> • <u>manual precision screen and stencil printer S10</u> • incl. rapid tensioning frame • Frame size: max. 540 x 470 mm • table lowering: automatical
	<ul style="list-style-type: none"> • <u>precision squeegee guided screen and stencil printer S20</u> • incl. rapid tensioning frame • Frame size: max. 540 x 470 mm • table lowering: automatical
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer S30</u> • incl. rapid tensioning frame • Frame size: max. 540 x 470 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer S40</u> • incl. vision system and rapid tensioning frame • Frame size: max. 540 x 470 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>precision squeegee guided screen and stencil printer S50</u> • incl. rapid tensioning frame • Frame size: max. 584 x 584 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer S60</u> • incl. rapid tensioning frame • Frame size: max. 584 x 584 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer S70</u> • incl. vision system and rapid tensioning frame • Frame size: max. 584 x 584 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer S80</u> • incl. rapid tensioning frame • Frame size: max. 736 x 584 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer S90</u> • incl. vision system and rapid tensioning frame • Frame size: max. 736 x 584 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer SXL</u> • incl. vision system • Frame size: max. 1200 x 600 mm • Printing parameters: adjustable and programmable
	<ul style="list-style-type: none"> • <u>auto drive screen and stencil printer SXXL</u> • incl. vision system • Frame size: max. 1800 x 800 mm • Printing parameters: adjustable and programmable
