

Smart reflow ovens RK320 – RV380

Stand: 07.2025

Hot air / Infrared reflow oven RK320

- Heating area 320 x 220 mm
- Lead free soldering
- max. temp. 290°C
- Max. 3500 W (230 V)

Hot air / infrared reflow oven RK360

- Heating area 460 x 410 mm
- Lead free soldering
- max. temp. 290°C
- Max. 3500 W (230 V)

Hot air / infra red reflow oven RK460

- Heating area 460 x 410 mm
- Lead free soldering
- max. temp. 290°C
- Max. 4800 W (380 V)

Vapor reflow oven RV 380

- No cooling required
- Maximum soldering material format: 385 x 265 x 100 mm
- Process temperature: 165-240° C
- Maximum electrical power.: 1750 W
